## MILL LEVY VOTE 2016

Rawlins County Health Center will be on the August 2016 ballot to request the continued support of 13 mills to fund hospital operations. Rawlins County Health Center has received 13 mills for the last 22 years. The following question will be on the ballot: "The Rawlins County Health Center (formerly known as Rawlins County Hospital) pursuant to K.S.A. 19-4606 shall have the authority to levy taxes not to exceed Thirteen (13) mills to fund hospital operations for the next eight (8) years, beginning with the 2016 taxes." Please vote yes, for the continued support of 13 mills for the Rawlins County Health Center.

## POINTS TO PONDER... FUN AND SAFE BIKING

Always wear a helmet when riding and wear bright colored clothing to assist motorists in seeing you. A bicycle rider should be able to straddle the bike while standing flat-footed. When seated, the ball of the foot should just rest on the pedal with the leg slightly bent and handlebars easily reached. Keep brakes in good working order and tires inflated to the specified pressure. When riding after dusk, Kansas law requires a white light on the front, front and rear reflectors on each pedal, and a red reflector on the rear. Obey signs on streets and railroad crossings. Happy riding!
